

## Taking the Building Excellence (BE) Survey

Welcome to BE, an assessment that identifies how you learn and work best.

Keep in mind that BE is not a test. Therefore, there are no right or wrong answers and you cannot pass or fail. As you read each question, we encourage you to choose the answer that you believe describes you best.

BE is divided into 3 sections. Between each section you will have time for a short break or you may continue to the next section.

As you begin answering the questions, you will see a question counter located in the top right corner of your screen. The counter keeps track of the where you are in the assessment and is updated each time you answer a question.

It will take you approximately 20-25 minutes to answer the questions in all 3 sections. There will be two opportunities to take a 5-minute break: Once between sections 1 and 2 and between sections 2 and 3.

## Section 1 of 3

### Section 1 Completed!

Welcome to the break page!

At this point, you have two options: (a) you may continue to the next section now; or (b) you may take a 5-minute break.

If you choose to take a break, you will have to continue before the clock counts down to zero (0). If you do not, you automatically will be logged out of BE.

Don't panic though, your work will be saved! To continue, you will need to log back in as a returning user and complete BE. You will not be able to access your results until all questions have been answered.
