Instructions

To take the LIVES assessment, click the BEGIN button below. The assessment is divided into six parts. Each part includes an introduction and a set of questions. After you read the introduction, you will click the QUESTIONS button. You will be taken directly to Part 1 of the assessment. Once you click the QUESTIONS button, you WILL NOT be able to return to the introduction. Each question will have three possible answers: A, B, or C. Answer each question with ONE choice that best describes you. You may click on the picture to make your choice. Once you have answered a question, you will click the NEXT button. You WILL NOT be able to return to that question once you have clicked the NEXT button. Once you have answered all of the questions for each of the six parts, you are finished. It is important to remember that there are no right or wrong answers. Simply choose the answer that YOU feel best describes YOU.

Part #1 (of 6): Emotional Preferences

1. OVERVIEW

Before you begin responding to the first part of the assessment, think of a subject that you find difficult and challenging.

Then, imagine that you have complete control over how you would choose to learn about this subject. Keep this in mind as you answer the first set of questions.

REMEMBER: What do YOU think is the best way for you to learn the difficult subject?

Finally, because there are no right or wrong answers, be honest as you make your selections.
